<p>The panoramic terrace above the door offers a beautiful view of Paris.

50 meters high, 45 meters wide and 22 meters deep, the Arc de Triomphe is

located on the Place de l'Etoile which leads to the Champs Elysees which is

nicknamed "the most beautiful avenue in the world." It stands on 1.9 km between

Place de la Concorde and the Arc de Triomphe. There are many luxury boutiques

(Louis Vuitton, Cartier, Guerlain, Montblanc ...), places of entertainment

(Lido, cinemas), famous cafes and restaurants. you're in the area, do visit the Square of Tertre,

few blocks from the Basilica. There are many artists setting up their easels to paint tourists

or exhibit their work. Place du Tertre is a reminder of the time when Montmartre was the hub of

modern art in the early 20th century; many artists such as Amedeo Modigliani, Claude Monet, Pablo

Picasso and Vincent van Gogh worked there. The Espace Salvador Dalí, a museum dedicated primarily to

sculpture and drawings of the Spanish painter, can be found a few steps from the Square of Tertre.</p>
